NFA FOOTBALL TEAM FINDING THEIR STRIDE!

The NFA Varsity football team is coming alive and finding their stride after two exciting shutout victories! The defense has been unstoppable, while the offense continues to shine, showing the power of grit and determination. These Goldbacks are led by a coaching staff that emphasizes resilience and teamwork and their confidence and chemistry grows stronger each week.

Right alongside them, the NFA Cheerleaders have been a constant source of energy and pride. Their enthusiasm fuels the players and fans alike, creating an atmosphere of excitement and unity that shows what NFA pride is all about. This week, October 10th, the Goldbacks take the field for one of the most meaningful events of the season- the annual **Pink Game**. Before the National Anthem the evening will begin with an all- cancer awareness walk. During this time the NFA community comes together to honor survivors, support those currently battling, and remember loved ones lost. It's more than just football- it's a night to stand united in strength, hope and love.

Fans are encouraged to wear pink, pack the stands, and show their support for both the Goldbacks and the fight against cancer.
