Volunteers in the Schools	

NEWBURGH ENLARGED CITY SCHOOL DISTRICT

Dear Volunteer,

We are very pleased that you have decided to participate as a volunteer in the Newburgh Enlarged City School District. A parent, grandparent, neighbor or community member has ideas, talents and time to share with our students and our schools. It is our belief that programs to help volunteers become involved in our schools are beneficial to everyone. These programs help to foster stronger school/community relationships by creating a common ownership in the success of our district and schools. They also demonstrate the importance of community service to all involved in the program, especially students.

Please read through this handbook carefully. It is designed to give you much of the information necessary to make your volunteer experience our District productive and rewarding. If you have any questions, please direct them to the principal.

Thank you for devoting your time to this worthy endeavor.

Sincerely,

Principal

THE ROLE OF A VOLUNTEER

Volunteers in the classroom can assist teachers in a variety of ways, thereby freeing the teacher to focus more time on the teaching/learning process.

BEFORE YOUR BEGIN

As a volunteer, you must meet with the principal or designee and should arrange to visit with the teacher before you start. The first visit or two should be spent observing the classroom, getting to know the students and the style and routines of the teacher. This will help the children to become familiar with you before you begin.

The teacher is in charge of all phases of classroom activity and you will take directions from the teacher. Volunteers' activities should support the efforts of staff members but not replace them or exceed their authority.

Maintain good communication with school staff especially in the event that you are absent or have a schedule change. If you cannot fulfill your commitment for any period of time, please contact the school or classroom teacher as soon as possible so other arrangements can be made.

You must follow school and District procedures regarding signing in and out, wearing badges, using school materials, maintaining health/security standards, knowing emergency procedures for fire and illness, and maintaining confidentiality.

If you have questions, you should seek advice regarding tasks and school-related issues from those directly in charge, including the principal, teachers, teaching assistants, secretaries, aides, or other school personnel who are trained and responsible for the tasks. Maintain a spirit of partnership and cooperation with school staff.

DISCIPLINE

Discipline of students is solely the responsibility of the teacher in charge and the building administrator. You may not discipline students in any way. Should students misbehave in your presence, you should report this immediately to the teacher in charge or other appropriate individual (principal, assistant principal). The teacher will then determine the necessary course of action. Also note that the District expects students to treat volunteers with the same level of respect given to other school personnel. If you feel that students are not being respectful, you should not hesitate to discuss the matter with the teacher or principal.

CORPORAL PUNISHMENT & EMERGENCY INTERVENTION POLICY

The Board of Education prohibits the use of corporal punishment against a student by any teacher, administrator, officer, employee, or agent of this School District.

As used in this policy, “corporal punishment” means any act of physical force upon a student for the purpose of punishing that student, except as otherwise provided in the next following paragraphs.

For purposes of this policy, an “emergency” means a situation in which an immediate emergency intervention involving the use of reasonable physical force is necessary for one of the following purposes:

1. To protect one’s self from physical injury;
2. To protect another pupil or teacher or any person from physical injury;
3. To protect the property of the school or others; or
4. To restrain or remove a student whose behavior is interfering with the orderly exercise and performance of school functions, powers, and duties if the student has refused to comply with the request to refrain from further disruptive acts.

Emergency interventions shall be used only in situations in which alternative procedures and methods not involving the use of physical force cannot reasonably be employed. Emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify, or eliminate a targeted behavior.

- 3) Use of volunteers shall not conflict with or replace any duly appointed and/or authorized District personnel or the duties/job responsibilities of such personnel.

Any staff member who supervises a volunteer(s) who becomes aware that a volunteer has violated District policies, regulation, procedures or school rules shall promptly report any violations to the Building Principal and/or the Superintendent of Schools, who shall determine whether to withdraw approval for the individual to provide volunteer services to the District.

Any volunteer against whom an allegation of child abuse has been made shall not, pending resolution of the allegations, be permitted to render volunteer services to the District.

Each Building Principal shall be responsible for maintaining a current and complete list of all active, approved volunteers in the schools and their assignments.
